SPONSORSHIP OPPORTUNITY 03

EDAN LINCS ACADEMY

ONLINE LEARNING • PROFESSIONAL DEVELOPMENT • DOMESTIC ABUSE AWARENESS

Building knowledge, understanding and confidence to better recognise and respond to domestic abuse.

ABOUT THE ACADEMY

The EDAN LINCS Academy will offer online courses for professionals who want to deepen their understanding of domestic abuse and the issues surrounding it. The training is being developed to help learners build knowledge and awareness, with a certificate on completion that can support their professional development.

A PROJECT WITH LONG-TERM POTENTIAL

Once developed, courses will be available online, with prices currently expected to be around £30 per course. This creates the potential for ongoing income that can be reinvested into EDAN Lincs and its work - helping the Academy become a resource that continues to support the organisation over time.
